## PERSONAL PROJECTS

### Pet Shop(FYP) (01/2023 - 06/2023)

- My Final year project is about pet shop.This app have two sections One for buyer and other for seller. In this app we can buy and sell Pets and their foods. For payment method we add seller contact info and the location field .

#### Due Date

- Due Date is study app. This app contain two sections one for teacher and other is for student. Teacher can create their own account and share their lecture on related subject. While student make own account and they can read and download the lecture.

#### Favourite cart

- In this app i use provider. When food is selected then it goes to provider screen.While in provider screen we can check the limits of foods and check the selected items price.

#### Food Ninja

- This app contain account section , payment section, setting, google map, delivery section. In this app people can create their own account then they can buy foods. In Food Ninja app they offer pizza , burger's and many other fast foods. After buying items then it can deliver on delivery services.
