Taha Khan

Certified Ethical Hacker | Cyber Security Enthusiast | Blockchain Specialist

Islamabad, Islāmābād, Pakistan

Summary

I am a budding cybersecurity professional and a Certified Ethical Hacker certified by EC-Council, with foundational skills in identifying and mitigating security vulnerabilities. My specializations in Blockchain Technology and Blockchain Security enable me to leverage decentralized systems for innovative and secure solutions.

My training has provided me with a strong understanding of cybersecurity principles, network security, and blockchain applications. As a passionate learner in the field, I am eager to bring my knowledge and enthusiasm to a forward-thinking organization. My goal is to enhance digital security, support technological advancements, and continually grow as a cybersecurity professional.

_____

Education

Federal Urdu University of Arts, Science & Technology, Islamabad.

Bachelor of Science - BS, Computer Science · (July 2024)
