About Me

I'm Fahad Qureshi, an AI enthusiast specializing in deep learning, machine learning, and data science. My experience spans developing innovative AI solutions to solve complex real-world problems. I am passionate about building and optimizing models that drive impactful insights.

Work Experience

Research Assistant   June 2023 - Jan 2024
Communication over Sensors (ComSens) Lab, COMSATS University Islamabad, Pakistan

- Conducted research on deep learning applications, particularly in the medical field.
- Worked on the development and evaluation of machine learning models for disease diagnosis.

Certifications

Data Science and Machine Learning   Jan 2023 - Mar 2023
Dice Analytic
Skills Covered:
- Machine Learning Fundamentals, Python Programming, Data Wrangling, Data Visualization.
- Supervised/Unsupervised Learning, Model Selection, and Real-World Projects.

Neural Networks and Deep Learning   April 2023 - Jun 2023
Coursera
Skills Covered:
- Introduction to neural networks, activation functions, forward and backward propagation.
- Building deep neural networks and understanding the role of hyperparameters.
- Practical applications of deep learning including image and text classification.

Education

BS in Artificial Intelligence   2020 - 2024
Hamdard University, Islamabad Campus   (GPA: 3.2/4.0)

Diploma of Associate Engineering (DAE) in Electronics   2017 - 2020
Iqra College International Islamic University Islamabad   (80% Marks)

Skills

- Artificial Intelligence (AI), Machine Learning (ML), Deep Learning (DL), Data Science (DS)
- Python, TensorFlow, Computer Vision, Exploratory Data Analysis (EDA)
- Problem-solving, Team collaboration, Technical communication
