SUMMARY

As a well-qualified and detail-oriented graduate with a Diploma of Associate Engineering (DAE) in Information and Communication Technology, I bring a diverse skill set to the table. My studies covered essential areas, including web development (with proficiency in WordPress and the Divi theme), project experience (working on a Third Person Multiplayer Shooting Game), networking (understanding routing protocols and LAN switches), IT troubleshooting, data administration, technical report writing, and proficiency in Microsoft Office tools and Linux operating systems. I am eager to apply this knowledge and contribute effectively in professional endeavours.

SKILLS

Networking Administration, Programming, Web Development, Game Development, CCNA, Project Management

EDUCATION

Diploma of Associate Engineering (DAE) in Information and Communication Technology (ICT)
Construction Technology Training Institute - 2021 – 2024
